BITTINGER and COMPANY  
Proprietors and Publishers

C. L. BITTINGER,  
Editor and Business Manager

R. R. CARROLL, City Editor

Entered at the Ocala Postoffice as  
Second Class Matter.

Mr. W. E. Wattles, of Palatka, was in the city Saturday and Sunday. It is ten years since he left the Brick City, where he was chief fagelman of the Baptist Witness and all around man. Since he returned to Palatka he embarked in the newspaper business on his own account, and established and ran successfully, in company with his father, the Palatka Advertiser, daily and weekly. The daily was run until it ceased to be profitable, when it was discontinued, while the plant of the Weekly Advertiser was recently sold to Messrs. Russell and Vickers, since which time Mr. Wattles has been operating a job office. He is a very pleasant gentleman and his call on the Star was appreciated.

One of the unique surprises and incidents of the late primary was the return of three ex-speakers, Watson, of Kissimmee, Capt. Johnson, of Dade City, and McNamee, of St. Petersburg. Had it not been for the Bassenger precinct, Watson would have been left and in Johnson's case a desire for a change in the county gave him the vote, while McNamee outgeneraled the whole shooting match, including Tampa, as an ardent advocate of the labor element.

## MOTHER ALWAYS KEEPS IT HANDY

"My mother suffered a long time from distressing pains and general ill health, due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of seventy-six, eats anything she wants, remarking that she fears no bad effects, as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound, your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. Anti-Monopoly Drugstore.

Col. Nic Barco, of Crystal River with Mr. Sharpe, his partner in the saw mill business, and Mr. Miller, of the Crystal River News, made up a pleasant party at the Ocala House today. Col. Nic is as smiling, cheerful and confident as ever that his burg in a few years will be the capital of Citrus. His only regret is that he couldn't pull his friend, Col. Zimmerman, through for the legislature.

## BEST REMEDY

For Stomach and Bowel Troubles.

"I have been in the drug business for twenty years and have sold most all of the proprietary medicines of any note. Among the entire list I have never found anything to equal Chamberlain's Colic, Cholera and Diarrhoea Remedy for all stomach and bowel troubles," says O. W. Wakefield, of Columbus, Ga. "This remedy cured two severe cases of cholera morbus in my family and I have recommended and sold hundreds of bottles of it to my customers to their entire satisfaction. It affords a quick and sure cure in a pleasant form." For sale by Anti-Monopoly Drugstore.

## ANGER SIGNALS.

No engineer would be mad enough to run by the flag which signaled danger. What the danger was he might not understand, but he would take no chances. It is different with the average man or woman. They attempt constantly to run by the danger signals of Nature and that attempt costs thousands of lives every year. When the appetite becomes irregular or entirely gives out, when sleep is troubled and broken, when there is a loss of flesh, when there is a constant feeling of dullness and languor, Nature is hoisting the danger signal. The stomach and its allied organs are failing in their work and the body is losing the nutrition on which its strength depends.

Such a condition calls for the prompt use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, purifies and enriches the blood and builds up the body with sound, solid flesh.

"Your kindness to me I can never forget," writes Mrs. Josie E. Clark, of Enterprise, Shelby Co., Mo. "I cannot express half my feelings of gratefulness to you. I had despaired of ever getting well. I had been in bad health for twelve years. Had aches all through me, numb hands, cold feet, and everything I ate distressed me; bowels constipated, was very nervous, depressed and despondent. In fact, I can't express half my bad feelings to you. When I first wrote to you I thought I could never be cured. I have taken six bottles of Dr. Pierce's Golden Medical Discovery, and my health is now good. You have my honest recommendation to all sufferers. I think there is no medicine in the world as good as Dr. Pierce's."

If constipated use Dr. Pierce's Pleasant Pellets. They cure constipation, biliousness and sick headache. They do not produce the "pill habit."

## WAS WELL RECEIVED

Rev. F. V. Baer, of Urbana, Ohio, filled the pulpit of Grace Episcopal church yesterday morning and evening most acceptably.

He preached an excellent sermon in the morning on character, and the inevitable results of its development in a right or wrong direction. He took for his text Christ's definition of murder, an amplification and interpretation of the commandment not to kill: "He that hateth his brother without cause hath committed murder in his heart." Mr. Baer stated, however, that he would not take murder for his theme, but the hidden springs of human action, the quiet forces in a man's heart that move him to good or evil action. The West Indian volcanoes had been inactive and harmless for near a hundred years, and orchards and vineyards and smiling cities had spread their arms on the mountain sides and embraced the monsters. The scientists said there was no danger. But inward forces were at work and ere long the hot blasts long pent up were released and devastated city and orchard and vineyard, sending thousands of souls in an hour to their eternal reckoning. Soufriere and Pelée were volcanoes a hundred years ago; they are volcanoes today. Their character has not changed. God does not wait for a man to shoot another in cold blood, or steal half a million dollars, before He pronounces him a murderer or thief. The heart is open to Him and He sees the forces at work that will bring a man to ruin. Change the character and change the man. Christ only can change a man's character, but He can alter it so that the silent inward powers will turn their strength to things righteous, slowly but surely fitting the man for Heaven—nay, bringing Heaven into his life on earth.

There are a great many reforms and a great many reformers nowadays, but no one has yet proposed to reform the reformers, and that is the only way to make the reforms stick. The womanly man and manly woman are to be detested and avoided. Mr. Baer is a young man, say 30, has a pleasant face and a good voice and talks frankly, earnestly and eloquently, using no notes. His congregations were delighted with him yesterday. Harper's Monthly for August, a big midsummer issue, at the Ocala News Co.

## POISONING THE SYSTEM

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently, but by strengthening the bowels enable them to perform their own work. Never gripe or distress. Anti-Monopoly Drugstore.

## DON'T LET THE SONG GO OUT OF YOUR LIFE

Don't let the song go out of your life; Though it chance sometimes to flow In a minor strain it will blend again With a major tone, you know. What though shadows rise to obscure life's skies And hide for a time the sun; They sooner will lift, and reveal the rift, If you let the melody run.

Don't let the song go out of your life; Though your voice may have lost its thrill, Though the tremulous note should die in the throat, Let it sing in your spirit still. There is never a pain that hides not some gain, And never a cup of rue So bitter to sup, but what in the cup

Lurks a measure of sweetness too. Don't let the song go out of your life. Ah, it never would need to go. If with thought more true and a broader view, We looked at this life below. Oh, why should we moan that life's springtime has flown, Or sigh for the fair summer time? The autumn hath days filled with peans of praise And the winter hath bells that chime.

Don't let the song go out of your life. Let it ring in the soul while here, And when you go hence it shall follow you thence, And sing on in another sphere. Then do not despond, and say that the fond, Sweet songs of your life have flown, For if ever you knew a song that was true, Its music is still your own. —Boston Transcript.
